

# Application specification sheet

Project:	
Location:	
Contact person:	
Phone:	
Supervising Project Manager:	
Date:	
Room / Building	Notes
Kind of room / use of room	
Height of the room ( height )	
Dimensions of the room (length x width)	
Height of working plane (tables, floor etc.)	
Dust/Dirt contamination level (please describe)	
Type of ceiling	
Reflectivity ceiling (if not known, please estimate, describe); Example: white ceiling tiles = 70 %	
Reflectivity wall (if not known, please estimate, describe); Example: White rough plaster = 80 %	
Reflectivity ground (if not known, please estimate, describe); Example: Dark tiles = 20 %	
Light requirements / Circumstances	Notes
Old system	
Amount of existing luminaires	
Mounting Height of the luminaire (Pendant, Surface-mounted and Recessed)	
Type of luminaire (T5, T8, LED); Datasheet available?	
Length of the luminaire	
Power (Watt) of the luminaire	
Current illuminance (Lux)	
New system	
Mounting (Pendant, Surface-mounted, Recessed)	
Existing mounting points? Old mounting points required?	
IP protection class IP20 / 40 / 67	
Type of luminaire from LED Linear portfolio	
Length of the luminaire	
Direct part of the luminaire	
Diffuser- / Reflectoroptic (scattered light, directional light)	
Luminous flux of the lamp/luminaire	
Color Temperature °K	
indirect part of the luminaire	
Diffuseroptic (scattered light)	
Luminous flux of the lamp/luminaire	
Color Temperature °K	
Desired Illuminance (Lux)	
Control (Dali / Switch Dim / 1-10 V / DMX)	
Desired Accessories (mounting bracket, Canopy Set..)	
General informations	Notes
Which kWh price will be paid	
Lighting time per day / night in hours	
Amount of days per year	

# Application specification sheet

Sketch of the room:

Please add the sketch on a separate sheet
